ODISHA COMMERCE ASSOCIATION (OCA)

29th & 30th April, 2017

### Organized by

Dr. Ambedkar Memorial Institute of Information  
Technology and Management Science  
(DAMITS)

Jagda, Rourkela, Sundergarh, Odisha  
769042

## About the Workshop

Creation and dissemination of knowledge through research is one of the core functions of the higher learning institutions. Apart from generating new knowledge, the higher learning Institutions, Particularly the universities also have the responsibility of training the intellectual manpower required for all sectors of the society. Quality of manpower is the most important factor for producing good quality researches. With the passage of time, research as an activity has not received due attention. Research is considered as a perquisite for obtaining the degree only. Lack of adequate infrastructure, resource constraints, lack of motivation coupled with a few other factors do not encourage the meritorious students to take up research as a career option. As a result, the quality of the research conducted has projected a declined trend. This has raised a concern among the academic community, social thinkers and policy makers. Amongst all other factors, training of researchers is the most crucial one. To improve the situation there is a need for providing training on research methodology to the young scholars. The present workshop is an endeavour in this direction. AIU has taken an initiative of organizing such kind of workshop on regular basis. The present workshop will focus on the following broad themes.

## Schedule

DAY	DATE	10:30AM-12:00PM	12:15PM -1:30PM	2:30PM-4:00PM
